

1. Jesus was teaching a crowd about God. Nearby, fishers who worked all night, came to the beach to clean their nets. Jesus asked Simon, one of the fishers, to take him onto the lake so people could listen. Simon listened to Jesus.

2. After Jesus taught the people, he told Simon to throw the nets and try to fish. Simon said, "We didn't catch anything all night, the best time to catch fish. Now it is day and loud, and the fish are hiding."

4. Jesus looked at Simon and his friends, James and John, and said, "If you follow me, we will catch people instead of fish." They brought their boats to the shore and left everything to follow Jesus.

3. But Simon trusted Jesus. "I will cast the net if you say so." Immediately, Simon's net was full of fish and began to break! More fishers ran to help, and there were enough fish to fill two boats.
