

1. God is my light and a strong presence who looks after me, so why should I be afraid? When people are mean, or things feel scary, I stay calm and confident by thinking of God.

4. I know I will see God's goodness all over the Earth. If you're reading this, remember: Wait for God! Even if you get nervous, be strong, have courage in your heart, and wait for God!

2. I ask God for one thing: to live and be with God forever. I want to see how beautiful God is and learn all about God. God gives me a calming place to feel safe when I feel troubled.

3. I sing songs and shout with joy because God protects me. I say to God: You have been with me and supported me for so long! Please stay with me and teach me your way!
